PATRON'S MESSAGE

From early colonial times Shows have always been an important place for rural communities to get together, to discuss livestock and the seasons, and have a day out. They also offer those who are not from the land an opportunity to experience a taste of the rural life.

The Bushy Park Show has been an important day in the Derwent Valley for the past one hundred and forty six years. Situated in a very picturesque location, amongst Hop fields by the river, the show grounds are surely amongst the most beautiful in the country.

The show is made possible by the efforts of many volunteers and exhibitors and following the success of recent shows we are confident the 2020 event will be a wonderful celebration of the local community.
